

AMERICAN INSTITUTE FOR MAGHRIB STUDIES

2009-2010 Grants Program for US Scholars

The American Institute for Maghrib Studies (AIMS) announces its annual Grants Program for the academic year beginning in May 2009. The program offers grants to US scholars interested in conducting research on North Africa in any Maghrib country, specifically Morocco, Tunisia, Algeria, Libya, or Mauritania. AIMS sponsors three Overseas Research Centers in the region and all AIMS grants are categorized by where research will be conducted. AIMS does not fund research outside the Maghrib.

TALIM Research Grants: The Tangier American Legation Institute for Moroccan Studies is the AIMS Overseas Research Center in Morocco and welcomes proposals for research conducted anywhere in Morocco.

CEMAT Research Grants: Centre d'Etudes Maghrébines à Tunis, the AIMS Research Center in Tunis, welcomes applications for research anywhere in Tunisia.

CEMA Research Grants: To encourage research in Algeria, the AIMS newly established Overseas Research Center in Oran, Centre d'Etudes Maghrébines en Algérie, welcomes applicants for research anywhere in Algeria.

AIMS Multi-country Research Grants are available for scholars interested in conducting research in **Libya or Mauritania or conducting multi-country research** in any combination of North African countries. If you plan multi-country research with countries outside the Maghrib, consider applying for a CAORC multi-country grant (www.caorc.org). If your multi-country research is ONLY in North Africa, then you should apply for an AIMS grant (not a CAORC grant). AIMS does not fund research outside North Africa, and CAORC considers the North African region under the aegis of AIMS, so is not multi-center research.

All categories of AIMS grants offer both long and short-term research awards:

Short-term Research Grants: AIMS awards short-term grants for one to three months for up to **\$6,000**. These awards may also be used in combination with grants from other sources for projects of longer duration.

Long-Term Research Grants: AIMS offers awards with a maximum of **\$15,000** for projects of three months or longer. In accordance with an agreement with major funding agencies, applicants may not accept multiple grants concurrently for the same project. In the event a grantee declines an AIMS award to accept another grant, AIMS will provide a small allowance for supplementary research expenses.

Graduate students currently enrolled in an M.A. or Ph.D. program, independent scholars, and faculty in all disciplines are eligible to apply. All applicants must be **U.S. citizens at the time of application**. Recipients of AIMS awards in either of the two previous funding cycles are ineligible to apply. Funds must be expended by May 2010. **Applicants must be members of AIMS** at the time of application.
