

The American Institute for Maghrib Studies (AIMS) announces its annual Grants Program for the academic year beginning in May 2018. The program offers grants to U.S. scholars interested in conducting research on North Africa in any Maghrib country, specifically Algeria, Mauritania, Morocco, or Tunisia. AIMS sponsors three Overseas Research Centers in the region in Oran, Tunis and Tangier and has other institutional affiliations that support AIMS scholars. AIMS only funds primary research conducted in the Maghrib.

**Short-Term Research Grants:** AIMS awards short-term grants for one to three months for up to \$6,000. These awards may also be used in combination with grants from other sources for projects of longer duration.

**Long-Term Research Grants:** AIMS offers awards with a maximum of \$15,000 for projects longer than three months. In accordance with an agreement with major funding agencies, applicants may not accept multiple grants concurrently for the same project. In the event a grantee declines an AIMS award to accept another grant, AIMS may provide a small allowance for supplementary research expenses. Some privately funded grants are exempt from this rule.

**Eligibility:** Graduate students currently enrolled in an M.A. or Ph.D. program, independent scholars, and faculty in all disciplines are eligible to apply. All applicants must be U.S. citizens at the time of application. Recipients of AIMS awards in either of the two previous funding cycles are ineligible to apply. Travel/research plans must be set and funds must be disbursed prior to May 2019. Applicants must be members of AIMS at the time of application. For membership and grant information, please contact the AIMS Executive Office at [aims@aimsnorthafrica.org](mailto:aims@aimsnorthafrica.org) or go to: [www.AIMSNorthAfrica.org](http://www.AIMSNorthAfrica.org).
